Subject: THANK YOU :-)

Dear All,

Another 2 days and my Novartis's adventure and more importantly our adventure together will pause for some time. It has been a very enriching, fulfilling, fun, sometime sad, but always rewarding journey.

We say that a picture worth a 1000s words. I found a few pictures from the last 6 years to remember some of those great times. And if you are not on it, do not worry I do think about you ALL.

If you need to contact me in the near future my mobile number will stay active for a couple of weeks and my work's mail is already active : oleconte@its.inj.com or of course linkedin.

THANK YOU THANK YOU THANK YOU and hopefully see you all soon in Basel or in an airport.

Kind regards
Olivier
