Parameters for Feedback:

- 1. Ambience: Good**
- 2. Hygiene: Very good**
- 3. Learning: There are very small kids in the crèche so it does not make sense to teach them any specifics to start off with. But this can be improved by teaching colours, objects, alphabets, basic etiquettes, etc. in future. To teach these things, can there be one instructor.**
- 4. Child Care**
 - a. Daily routine: followed very well**
 - b. Food: We provide so can not comment.**
- 5. Communication: They keep us well informed about each day.**
- 6. General Comments**

As the number of children is growing can there be an increase in the number of attendants.

Can the timing be extended to 8:00 PM.
