Vinay Mahajan

Appreciated by Shreeram Aradhye

A Big thank you from Novartis and the entire GDD organization for your significant efforts supporting the Lab Conversion Factor inquiry. Thanks to you, we have been able to fully assess the issue and implement corrections, define the scope of affected studies, confirm that there were no instances where this had an impact on overall trial conclusions, patient safety or product benefit-risk assessment, engage proactively with HAs, and ensure we are prepared for any future inquiries from HAs.
